Dear responsible travelers, stay with us at an economical price. We are a comfy and social family run hostel with character. As well, we are minutes away from the center & old town by frequent public transport or about half hour of nice and easy walk/15 minutes of jogging

We are offering great:

*Experience (We are reality and not robot-like receptionists which give you a key and rent you a furniture, we can help you with all your needs since we have experience longer than 40 years in hospitality and we learned fluently English, French, German, Italian and few words of Japanese in meanwhile

*Responsibility (Not a party hostel scene. We promote respect, responsibility and healthy life style. We recycle, grow our own lemons, kumquats, peppers, spices and herbs for your free kitchen use.

For folks whose only motivation of traveling is "BOOZE CULTURE" we would kindly like to advice you to book somewhere else. Yet, we have highest awards for "FUN and ATMOSPHERE" but its all about responsible fun and family-like feel. Thank You!
